PSU bank stocks best performers in trade while private sector banks down

New Delhi, Aug 12 (ANI) Public sector banks are up in trade but private sector banks are down following RBI's decision to hike CRR provision to curb liquidity. Among private sector banks, IndusInd Bank is top loser in Sensex, down 1.5 per cent. ICICI Bank, Axis Bank and HDFC Bank are also trading down.

On the other hand, PSU banks are flying. Indian Overseas Bank is up more than 11 per cent. Central Bank of India is up more than 7 per cent. LIC Bank is up more than 5 per cent. Punjab and Sind Bank is up 4.8 per cent, Bank of Maharashtra is up more than 3 per cent. Bank of India is up more than 3 per cent.

Nifty PSU Bank is the top gainer among sectoral indices on Friday, up by 1.56 per cent. V K Vijayakumar, Chief Investment Strategist at Geojit Financial Services said RBI's decision to raise the CRR on bank's incremental NDTL between May 19 and July 28 to 10 per cent is negative for banks. This will also raise their cost of funds, impacting their profitability. However, since banks are experiencing good credit growth and their NBAs are declining, they can easily absorb this marginal additional cost, he said. The indication from the RBI is that a rate cut can be expected only in Q1 of FY 25. This will be a headwind for the market, he says. V K Vijayakumar, Chief Investment Strategist at Geojit Financial Services, Madhav Arora, Lead Economic Analyst at Motilal Oswal Financial Services said the immediate impact of RBI absorbing liquidity via CRR will be mild. Hardening of money market rates for borrowers including NBFCs/corporates, while for banks as well there will be slight impact on their NBAs (3-4 bps) depending on the instruments where they were parking the money (assuming 14.5 per cent effective CRR). That said, some banks (PSBs specifically) benefited more than others from the liquidity glut due to its 2,800 notes withdrawn, while others toiled to get deposits by increasing rates, Arora said.
